MARCHIRANCH.COM

Silent Auction May 7-25, 2018

Selling 12 Purebred Wagyu Bulls

Thanks so much for our friends and buyers over the past 25 years as we have developed our Wagyu herd.

Today you can place your bids starting May 7 to May 25, 2018. Bids are \$100 each time or more if you prefer for any of the cattle in the sale.

The bids can be called in, emailed, or faxed. You are welcome to come our ranch anytime to see the cattle. We are also selling Wagyu Yearlings, Open Heifers and Two-year-old Wagyu Heifers with calves.

Please call us anytime- be sure to leave a message. This is the busy time. You can send an email to jonmarchi@centurytel.net or liz@lizmarchi.com or fax at 406-883-5677.

Find us on Facebook: Marchi Ranch or on Twitter@MarchiRanch

12	4/22/16	656	1108	Horns	96.88	PB28733	94EX	\$2400	\$3000

A maximum bid immediately buys the bull, heifer or cow.

Selling Wagyu Open Yearlings & 2 Y/O's W/ Calves

The Wagyu business is moving forward. As a director, then two years as President of the American Wagyu Association, I believe Wagyu Cattle have some real positives such as great calving ease, good mothers, and good disposition. Marbling is perhaps the best of all beef cattle.

The commercial cattleman generally has no interest in the Wagyu. The beef business is very large and competitive. The Angus breed is the largest cattle in the US. My parents started with Angus in the 1950's. Then I started our registered Angus. The reason that Angus has done so well is their confirmation is the best of the beef steer. As a cattle judge in 4-H and FFA, then later at Montana State University, the Wagyu breed has to improve its confirmation. Starting 25 years ago, we bought a few Wagyu. Thanks to DNA and our Angus, we now have 85% of our Wagyu cows are purebred and our weaning weights have increased significantly. The Wagyu breed has the ability to become a major business.

Selling 20 Wagyu Purebred Open Yearlings

Yellow Tag	Birth Date	Weaning Weight	Polled Scurs	Min Bid	Max Bid

Jerry Reeves Bar R Cattle Company Production Sale was in May 2016. We bought his Bull FB22122 because of his impressive EPD's for marbling, carcass weight and rib eye for our commercial cattlemen. These calves are sired by this Bull.
